

Hurricane Florence

Please pray for the East Coast and Gulf Coast as they are facing dangerous hurricanes. Hurricane Florence, a major hurricane, is expected to hit the East Coast this week, causing significant damage. Reach Out America (ROA), the UPCI-endorsed domestic relief agency, is mobilizing for action. ROA is a member of National Voluntary Organizations Active in Disasters (VOAD) and is coordinating its efforts with the Federal Emergency Management Agency (FEMA), the Red Cross, and Feed the Children. ROA has already begun to deploy in partnership with the Virginia, North Carolina, and South Carolina Districts of the UPCI and with the UPCI Men's Ministry. If you would like to assist with relief efforts, please contact your district superintendent or district men's ministry director. For more information, go to www.reachoutamerica.org.

Sincerely in Christ,
David K. Bernard
